## Profile

**Design Leader** with 20+ years of experience shaping the world's most iconic creative and technical tools—including 6 years of management and over 15 years as a hands on individual contributor. Experience crafting solutions and leading teams in world-class tech brands like **Adobe, Autodesk, and Atlassian**. I am a practitioner-led manager who leads by example, blending high-level strategic vision with the technical ability to execute across UI, data visualization, and complex brand systems.

## Work Experience

10/2023 – 04/2026  
Remote EMEA

### User Experience Design Manager Atlassian

- Leading the experience vision for a team of eight UX designers working across cloud migration and performance tools. Driving and delivering exceptional customer experiences through balancing leadership, strategic thinking, and a deep knowledge of hands on design.
- Working closely across crafts with the Product Management and Engineering teams to execute on the product roadmap and priorities. Shaping product direction decisions through elevating the voice of the customer.
- Leveraging AI tools to drive efficiencies in ways of working; mentoring designers in building live prototypes and pushing code to production.
- Identifying and shaping strategic user research initiatives to inform and influence product decisions, as well as working with designers to implement high quality studies.
- Hiring, growing and coaching a world-class team of product designers. Bringing cohesion to a highly distributed team and cultivating a strong team culture aligned with Atlassian values.

04/2021 – 12/2023  
Remote EMEA

### User Experience Design Lead Atlassian

- Lead designer for multiple initiatives focused on Atlassian's largest enterprise customers (Data Center Group). Integrating design thinking processes, collaboration skills, and high quality UX and visual design to guide concepts to completion. Delivered multiple customer-centric solutions in the enterprise space.

05/2016 – 12/2019  
San Francisco, California

### User Experience Design Manager Autodesk

- User experience design manager leading a team of 5 on a number of revenue generating initiatives across Autodesk. Designed experiences for both Autodesk.com consumer facing website as well as internal tools to increase online SAAS sales.
- Identified and drove strategic UX opportunities in conjunction with stakeholders and peers across the company. Drove user research initiatives that spanned multiple touchpoints and systems, and worked successfully across crafts to bring complex features and products to customers.

06/2015 – 05/2016  
United States

### Lead Designer- Marketing/Software & Apps GoPro

- Design lead working in a key bridge position to foster alignment and unity across brand/creative and software design teams. Facilitating communication, information sharing,

## Work Experience

and building relationships across groups. Working directly with product, engineering, UX, and visual designers.

- Extended the visual language and existing style guide to grow and scale the GoPro brand. Led UX and visual design for the redesign of GoPro's homepage on web and mobile. Ideated on user experience for the first subscription offering for GoPro. Collaborated with multiple team members to define implementation of subscription package across multiple touchpoints.

12/2010 – 05/2015  
San Francisco, California

### Senior Experience Designer Adobe

- Senior level designer and primary contributor within the centralized Adobe Experience Design group. Lead designer and/or collaborator on a variety of small and large projects. Projects ranged from the redesign of the Adobe.com corporate website to improve conversion, design strategy and concepts for the genesis of Creative Cloud suite and concepts and build for an innovative tablet application in the video editing space.

01/2008 – 12/2010  
San Francisco Bay Area

### Senior Visual Designer Yahoo

- Senior level designer for Yahoo! listings properties, which include Travel, Personals, Shopping, Autos, & Real Estate. Juggled multiple responsibilities and timelines simultaneously across properties, and worked directly with product managers, marketing, and engineers. Championed the design of products that not only monetized highly, but also provided an exceptional user experience.

01/2006 – 12/2008  
San Francisco, CA, United States

### Web Designer/Developer FINE

- Senior designer for a boutique design agency. Created numerous website, print, and flash animation concepts for a large variety of national clients including Ritz Carlton, Hitachi, Foster's Beer and Wine, and others. Also built front end CSS/HTML code.

01/2003 – 12/2006  
Washington, DC, Washington DC

### Web Designer Matrix Group International

Web designer in agency with clients ranging from large public companies to small non-profits. Led design and front end code for a variety of projects. Handled direct client communication throughout the project lifecycle.
